PHOTOGRAPHIC INTELLIGENCE MEMORANDUM

GP/I - 162
16 March 1956

GHEORGHIU-DEJ SHIPYARD, BUDAPEST, HUNGARY

This memorandum is for record purposes only.

25X1A

This project was requested by [REDACTED] of I/Sh. He supplied us with ground photography of Gheorghiu-Dej Shipyards, Budapest, Hungary, and asked for a revised sketch of the shipyard locating the new buildings imaged in the photography.

Ground information supplied by the requester indicated that several buildings had been burned or torn down since the war and that the shipyard was completely rebuilt. No relationship could be determined between the few buildings imaged in the recent ground photography and the buildings imaged in World War II photography.

The ground photography was too poor and incomplete to be accurately oriented and located independent of any recent vertical aerial photography.
